LIQUID ROW MONITOR

**SureFire**  
Ag Systems

Proven Electromagnetic  
Flow Meter Technology  
monitors every row

Provides a visual and  
audio alarm if the flow is  
above or below set %

User set alarm point as  
% above and below  
desired application rate.

Flow Range:  
10-200 oz/min

Accuracy is 0.5% of  
full scale;  
 $200 \text{ oz/min} * 0.5\% = 1 \text{ oz/min}$

Electromagnetic Flow  
Meter Module

Low Rate Alarm

Normal Operation
