### Top 5 Things Users Say About Their QuickDraw

1. It's fast! I can spray an extra batch in the day. Some days two.
2. It's clean! I can spray all day and not touch any chemical.
3. The automated batch calculation is awesome. Makes it fast and accurate to mix a batch of any size.
4. The mass flow meter is spot on regardless of what product I am using.
5. I wish I'd have bought it three years earlier.
